

EMBRACE™ microphones

U.S. Pat: D786,220 and 9,706,285

EO | EO2 EARMOUNT MICS

Models: EO-8WL | EO2-8WL

Single or Dual Elements

Self-Mic and Conceal in Seconds

Besides being able to conceal in seconds, our twice patented EMBRACE microphone hugs the ear to give it tremendous staying power regardless of head or body movement. Actors from theatre and TV alike welcome the comfort and ease of the touchable and pliable material, along with the ingenious concealable design. EMBRACE blends out of sight quickly and fits so easily that even the talent can self-mic and be camera-ready in mere seconds.

Technical Specifications

Single Element: Waterproof Back Electret Condenser

Pattern: Omnidirectional

Waterproof Rating: IP 57

Frequency: 20Hz ~ 20kHz

Sensitivity: -43 dB 1V/Pa (± 3 dB at 1kHz)

Maximum SPL: 136 dB SPL

Output Impedance: 1,400 Ω ± 30% (at 1kHz)

Operating Voltage: 1 ~ 10 V

Cable Length: 4 ft .077 in. + connector

Net Weight: 0.6 oz

Colors: Beige, Brown or Black

X-Connectors: TA3F, TA4F, TA5F, lockable 3.5mm, Hirose, Lemo-style

Included Accessories: Windscreen, SLIDER1 cable clip, alligator cable clip, storage box

EO-8WL Single Element Earmount Microphone

EO2-8WL Dual Element Earmount Microphone

Dual Element: Waterproof Back Electret Condenser

Pattern: Omnidirectional

Matched Elements: 2 (± 0.5 dB)

Waterproof Rating: IP 57

Frequency: 20Hz ~ 20kHz

Sensitivity: -43 dB 1V/Pa (± 3 dB at 1kHz)

Maximum SPL: 136 dB SPL

Output Impedance: 1,400 Ω ± 30% (at 1kHz)

Operating Voltage: 1 ~ 10 V

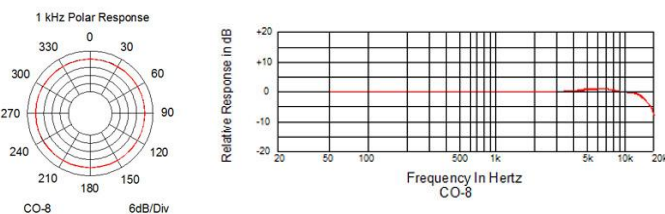

Cable Length: 6ft. + connector

Net Weight: 0.6 oz

Colors: Beige, Brown or Black

X-Connectors: TA3F, TA4F, TA5F, lockable 3.5mm, Hirose, Lemo-style

Included Accessories: Larger windscreen, SLIDER1 cable clip, alligator cable clip, storage box
